The sentences given below when properly sequenced form a coherent paragraph. Each sentence is labeled with a letter.
Choose the most logical order of sentences from the given choices to construct a coherent paragraph.

P : It refers to those times when there is no war or fight among nations.

Q : Many people argue that war is a necessary evil and the only process of solving international disputes.

R : Peace means complete freedom from disturbance.

S : Once the world starts believing that wars are unnecessary, they decide to abolish war completely.

T : But in reality, war happens only because people are not ready to settle disputes in a peaceful manner.

- 1 TSRQP
- 2 RTQPS

Qus : 21

nimcet PYQ 2018 (<https://www.test.aspirestudy.in/library/pyq/1/nimcet?view=year&key=2018>)

I do not wish to cast aspersions on the corporate takeover. On the contrary, it is a key facilitator of creative destruction and doubtless the most effective remaining means by which shareholder voices can mold a corporation. But while change in management is often necessary, you cannot effectively run a corporation with differing authoritative i voices espousing opposing corporate goals. It has to be one or the other. If the board s riven with conflicting interests, corporate governance will suffer. If directors cannot agree with the CEO's strategy, they should replace him. Corporate dissonance, of course, is unavoidable in periods of transition. But it is not a value to be pursued for its own sake. A cacophony produces only red ink.

What according to the author facilitates creative destruction?

- 1 Corporatism
- 2 Modernism
- 3 Terrorism
- 4 Cosmopolitanism

One New York publisher has estimated that 50,000 to 60,000 people in the United States want an anthology that includes the complete works of William Shakespeare. And what accounts for this renewed interest in Shakespeare? As scholars point out, his psychological insights into both male and female characters are amazing even today. This paragraph best supports the statement that

- ☐ 1 Shakespeare's characters are more interesting than fictional characters today
- ☐ 2 People even today are interested in Shakespeare's work because of the characters
- ☐ 3 Academic scholars are putting together an anthology of Shakespeare's work
- ☐ 4 New Yorkers have a renewed interest in the work of Shakespeare

Nine individuals Z, Y, X, W, V, U, T, S and R are the only candidates who can serve on three Committees A, B and C and each candidate should serve on exactly one of the Committees. Committee A should consist of exactly one member more than Committee B. It is possible that there are no members of Committee C. Among Z, Y and X none can serve on Committee A. Among W, V and U none can serve on Committee B. Among T, S and R none can serve on Committee C. In case T and Z are the individuals serving on Committee B, how many of the nine individuals should serve on Committee C ?
